1908 HENDERSON'S **BULB-BARGAINS**

FOR THOSE WHO PLACE THEIR ORDERS & THIS SPRING & FOR SHIPMENT DURING SUMMER AND FALL

FEVERYTHING TO GAIN--NOTHING TO LOSE by placing your order NOW. Should anything be offered later, by us, at a lower price WE WILL GIVE YOU THE LOWER RATE

35 &37 CORTLANDT ST., NEW YORK

HENDERSON'S SUPERIOR BULBS

-For-

Autumn Planting.

1908

May we book your order

For Shipment as Bulbs Arrive during Summer and Fall?

Orders placed with us early enable us to estimate our requirements more closely, and by including your order with ours, for importation, we can afford to sell you at lower rates than in the Autumn, for the reason that when importing on a certainty, we take less risk in having a surplus left. Should we be able to offer anything at a lower rate later in the season we will give you the benefit.

Thus you have everything to gain and nothing to lose by ordering NOW.

We are the Largest Importers, Dealers and Growers of Bulbs in America, and handling the unusually large quantities that we do, and being experienced Forcers and Growers ourselves, we are in consequence enabled to select superior stock at advantageous prices, allowing us to offer Superior Bulbs at reasonable rates.

REMEMBER DD

The Prices of our Bulbs include

- PACKING AND CARTAGE and placing free on board cars or boat in New York.

 You have no duty, ocean freight from Europe, custom house nor brokerage expenses to pay.
- THE NUMEROUS AND FAST TRAINS to all parts of the U. S. from New York give us pronounced advantages for prompt and rapid shipping at low freight rates.
- WE RESERVE THE RIGHT TO ADVANCE PRICES on any Bulbs, Roots, Plants or Seeds, before acceptance of order should crop prospects, injury in transit or any unusual conditions prevail to indicate a serious shortage.

TERMS:

TERMS TO PARTIES OF APPROVED CREDIT.

Accounts are due net in two months 2% off for cash in ten days or 3% off for cash with order or before shipment.

We Deliver all Bulbs and Roots—properly packed and in good condition—into the hands of transportation companies. After that our responsibility ceases. Consignee then assumes all risks of heating, freezing, and delays—P. H. & Co.

PETER HENDERSON & CO. give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

SPECIAL NOTICE ABOUT TIME OF SHIPMENT.

When you order, please state if you wish your bulbs to be shipped as they are ready, or if we shall hold, and make one or more shipments. In absence of contrary instructions, we forward the "Early Bulbs" as soon as they are ready—we term this our "August Shipment"—this would include Lilium Harrisii and Candidum, Freesias, Roman and other French Hyacinths, Paper white and Double Roman Narcissus, Ornithogalum, forcing Anemones, Alliums and Callas.

Our "September Shipments" includes the general line of Dutch bulbs, such as Hyacinths, Tulips, Narcissus, Crocus, Lilium Longiflorum—if ready,

Our "November Shipments" includes Lily of the Valley, Spirea, Gladiolus, Tuberoses, Pæonias, Amaryllis, the late Lilies, etc., etc.,

SPECIAL NOTICE

We quote bulbs in this catalogue at

Especially Inviting Prices

for orders placed with us not later than July 1st.

After July 1st we will not be bound by these prices.

PETER HENDERSON & CO.

PETER HENDERSON & Co., give no warranty, express or implied, as to description, quality, productiveness, or another matter of any Seeds, Bulbs or Plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

PETER HENDERSON & CO.,

35 and 37 Cortlandt Street, New York.

Please book my order for the undermentioned articles to be shipped as ready, crops permitting, during the Summer and Autumn of 1908

HENDERSON'S SUPERIOR

Early "Roman" Hyacinths.

THE flowers, while smaller than those of the Dutch Hyacinth, yet are produced in much greater abundance—each bulb bearing several very graceful flower spikes. The delicious perfume, earliness and profusion of bloom have made Roman Hyacinths exceedingly popular; they are so easily grown and so early that if potted in August and September they can be brought into flower in November and December, and a succession can be had in bloom throughout the winter. Roman Hyacinths are not considered hardy enough for open-ground culture north of Washington, though in our grounds near New York they have proven perfectly hardy, slightly protected. For cutting purposes the Roman Hyacinth is the finest bulb grown. (See cut.)

saw finer bulbs. Some of them had as many as fifteen, and a few had seventeen spikes of flowers."

J. O. CRABB, Cedartown, Ga.

us prices for this season's bulbs and we will send you our order.

"Dutch Roman" or Pan Hyacinths.

There are some varieties of Dutch Hyacinths that throw good flowers from bulbs no larger than those of French Romans. These are known in the trade as "Dutch Romans," and they are becoming more popular every year with florists for forcing for cut flowers and for growing in pans for sale. The bulbs may be planted quite close together. The early sorts may be flowered but little later than French Romans and a continuous supply may be kept up from January to May. The flowers are finer than those of French Romans, the spikes and bells being larger and of better substance lasting longer either on the plant or when cut.

All varieties of Dutch Hyacinths do not flower equally well from small bulbs, so our grower has made a selection of some of the best which we offer below; size of bulbs 13 to 15 centimeters.

NAMED DUTCH HYACINTHS.

HENDERSON'S SUPERIOR "XX" BULBS.

In this grade we offer the largest and best bulbs that the varieties produce. Some kinds, of course, make larger bulbs than others, but purchasers of Henders n's "XX" Hyacinths may rely on getting the pick of the crop. These selected "top roots" as the Hollanders call them, naturally cost a little more than the run of first size bulbs but are worth the difference where largest spikes furnished with the greatest number of bells are desired for pots, glasses and exhibition, for the flowers of Hyacinths in an incipient form are stored in the hearts of the bulbs before maturity, exactly as they afterwards develop; so that if you purchase younger cheaper bulbs, containing in embryo fewer bells on a spike, no system of culture can make them produce more that season. Therefore, for the finest results the best, oldest and largest bulbs (within certain limits) should be chosen, for these usually contain the most perfect and greatest number of flowers.

Henderson's First Size Named Hyacinth Bulbs.

These bulbs are of the same age as our "XX" grade and are the run of the crop after the "top roots" are selected out. They are large, solid, fine bulbs and usually chosen for growing in pans, forcing in flats and for bedding on account of their moderate price.

The figures 1, 2, 3 and 4 after the name of the Hyacinth indicates the relative time of flowering—the 1's flower together and are the earliest, No. 4 the latest.

Henderson's Superior

MIXED HYACINTHS

COLORS SEPARATE

Good sized flowering bulbs 15 centimeters (52 in.) and upwards in circumterence, much larger than the Mixed Hyacinth bulbs usually sent out. They are well adapted for open-ground planting, and on account of their low price, are also extensively forced for winter-blooming and cutting.

HENDERSON'S BULB CULTURE.

Revised and enlarged edition. 68 pages. Profusely illustrated. Price, post-paid, 50c.

This newly revised and enlarged edition gives the up-to-date methods of treatment for all kinds of Hardy and Tender Winter, Spring, Summer and Autumn Flowering Bulbs, Tubers, Corms, etc.—Bulbs for Gardens and Lawns—Design Bedding—Mixed Borders—Naturalizing—Situations, Soils and Preparation—Time and Depth to Plant—Treatment after Flowering—Bulbs for the House and Greenhouse—Forcing—Flowering Bulbs in Glasses of Water, etc.—Keeping Dormant Bulbs—Hints on Buying and Selecting for Different Purposes, etc.

HENDERSON'S SPECIAL

Bedding and Forcing Hyacinths

These bulbs are of a much larger size than those put in ordinary mixtures. They are of the same age as the first size Fancy Named Hyacinths offered by us on pages 2 and 3, from which these are the second selection. They will produce fine spikes of bloom, and each sort as offered below, being of one shade of color and blooming at one time, render them of great value for forcing and bedding out, especially in designs, enabling one to obtain the exact color effect desired, which is a great advantage over mixed reds, mixed blues, etc., at but a slight advance in price over ordinary mixtures.

"The Henderson Special Hyacinths I obtained from you were more than satisfactory. The four dozens planted outside were in full bloom by the middle of February. Every spike was fine and full. Mrs. G. A. BUCKINGHAM, San Francisco, Cal.

"Mrs. Ellis and myself are much pleased with the Henderson Special Hyacinths you sent us last fall; they are very beautiful and we have had them in bloom now over two months, the house being constantly filled with their delicious perfume. JOHN ELLIS, Chatham, N. B., Canada

HENDERSON'S SUPERIOR

SINGLE FLOWERING TULIPS.

For Forcing and Bedding.

Our bulbs of Tulips are the very best flowering bulbs procurable; we handle largest "First Size" exclusively. No "seconds" at a cheaper price ever enter our house.

To aid in arranging beds.—The figures 1, 2, 3, etc., following varieties, indicate their earliness of bloom; the 1's flower together and are the earliest; 2's follow before the 1's are out of bloom, etc. The height is indicated by "D" for dwarf; "M" for medium; and "T" for tall.

Henderson's "Rainbow Mixture" of Single Early Tulips.

Mixed by ourselves from named varieties, including the right proportions of bright colors, all blooming together and of uniform height; the bulbs are all first size. We have discontinued importing the cheaper "standard grade," which is usually made up of surplus second size and often includes late flowering tulips.

Price, 18c. per doz., \$1.00 per 100, \$9.00 per 1000.

HENDERSON'S SUPERIOR

Double Early Tulips

In comparing prices please remember that we are quoting strictly first quality best flowering bulbs. No "Seconds" nor substitutes at lower prices are ever dealt in by us.

The figures 1, 2, 3, etc., following the variety names, indicate their earliness of bloom. The 1's flower together and are the earliest, etc. The height is indicated by "D" for dwarf, "M" for medium height, and "T" for tall

Mixed Double Early Flowering Tulips

HENDERSON'S SPECIAL RAINBOW MIX= TURE OF DOUBLE EARLY TULIPS.

(Strictly first size bulbs, not seconds.)

A very superior mixture made up from named varieties by ourselves. It contains proper proportions of bright flowering sorts, of uniform heights and all blooming together. We have discontinued importing the cheaper "standard grade" which too often is composed of surplus and second size bulbs. 20c. per doz., \$1.25 per 100, \$10.00 per 1000

Late Flowering

Garden Tulips

After some years of comparative neglect, late flowering garden Tulips are now on the rising tide of popularity.

LATE FLOWERING GARDEN TULIPS do not supplant early Tulips, they are not adapted for forcing, nor for design bedding, but for mixed gardens, herbaceous borders, sunny positions in proximity to shrubbery, etc.—where these late Tulips need not be disturbed, they will prove a source of great satisfaction, being very hardy, continuing to grow, increase and flower for many years.

NARCISSUS, PAPER WHITE

"Grandiflora," or Large Flowering.

This large flowering type is such an improvement over the ordinary "Paper White" that we have discontinued offering the latter. The "Large Flowering" is more vigorous and earlier, producing purest snow white flowers of large size and good substance in large trusses.

Price of extra sized bulbs, 25c. per doz.; \$1.25 per 100; \$9.50 per 1000

"The Paper White Grandiflora Narcissus I bought of you last fall have turned out superb."

JOSEPH H. SPERRY, Florist, Clinton, Cnon.

CHINESE SACRED NARCISSUS.

ೢೢೢೢೢೢೢೢೢೢೢೢೢೢೢೢೢೢೢೢೢೢ Henderson's Giant Christmas Forcing

LILY OF THE VALLEY.

The finest grade of Lily of the Valley in the world for early winter flowering. They will bear twelve to sixteen large bells on strong stalks, with foliage even when forced for extra early; they are equally superior for later or successional crops. The pips average large, plump and regular, with extra long roots. Read what our customers think of them.

"The Christmas Valley I had from you were very fine—better than any I have handled in 18 years' experience, and I have kicked myself because I did not order more. Will want a large quantity next season; can't compete newadays unless you have something a little better than the other fellow—and the extra price received more than pays the difference in cost between No. 1 stock and ordinary, and there is a satisfaction outside of dollars and cents that goes a long way." S. A. E. LYMAN, Essex Greenhouses, Coe Ridge, O.

"We see from the style of bloom that you have a fine strain of Lily of the Valley and you may book us for 30,000 pips for fall delivery."

A. S. MACBEAN, Lakewood, N. J.

PRICES OF LILY OF THE VALLEY PIPS.

Expected for Shipment Early in November.

Henderson's Giant Christmas Forcing described above, \$1,75 per 100,\$14.00 per 1000, \$27,00 per case of 2,000 pips.

Henderson's Large Early Flowering Berlin, extra size—3 years old—sand-grown pips for early forcing—can be flowered with foliage by the holidays if needed. \$1.50 per 100, \$12.00 per 1000, \$23.00 per case of 2 000 pips.

Henderson's Large Flowering Hamburg. The florist's standard sort for flowering after Jan, 1st—3 year old sand-grown pips. \$1.25 per 100, \$11.00 per 1000, \$21.00 per case of 2,000 pips.

Fortin's Giant. The largest flowering type, for open ground only. 30c. per doz., \$2.00 per 100, \$18.00 per 1,000.

LILY OF THE VALLEY CLUMPS.

Large clumps for open ground planting 20c. each, \$2.00 doz., \$15.00 per 100.

WHITE CALLAS.—DRY BULBS.

(Expected for shipment in September. A limited supply of Bermuda grown Callas expected in August.)

The dry bulbs are superior for forcing purposes, as they come into bloom quickly and require less room—making less foliage. Dry bulbs planted in 4-inch pots will flower nearly twice as abundantly as plants in 6-inch pots that have been kept growing or only semi-dormant.

FREESIA REFRACTA ALBA.

(Ready for Delivery in August.)

Popular bulbs, flowering in the winter and spring. They force readily and can be had in bloom by Christmas if desired and a continuous display of bloom may be kept up through the winter by proper handling. The flowers are produced 6 to 8 on stems about 9 inches high, and are particularly useful for cutting, remaining in good condition if kept in water for two weeks.

Mammoth Bulbs, § in. up, \$1.25 per 100, \$10.00 per 1000. Extra Size Bulbs, § in. up, 85c. per 100, \$7.00 per 1000. The smaller trade size (§ inch) we no longer offer.

-NEW GIANT WHITE FREESIA. "SNOWSTORM."

A distinct and greatly improved type producing large sprays of purest snow white flowers of immense size and deliciously fragrant; it is very free blooming and of great value for forcing for cut flowers. The foliage is narrower and less coarse than that of ordinary strains. Price, 25c. doz., \$1.50 per 100, \$12.00 per 1000.

NEW FREESIA, FISCHER'S "PURITY."

Genuine stock direct from Mr Fischer. First size bulbs, 30c. doz., \$2.25 per 100, \$10.00 per 1000.

HENDERSON'S SUPERIOR LILIUM HARRISH

THE TRUE BERMUDA EASTER LILY (LILIUM HARRISIL.)

Henderson's Superior

BERMUDA EASTER LILY

(LILIUM HARRISII.)

The TRUE Bermuda Easter Lily is our Great Specialty. We were the pioneer introducers of it and have always been "Headquarters," supplying the trade generally, both in Europe and America.

We wish to lay particular stress upon the size and quality of our Bulbs which are larger, healthier and better than those usually sold—for the reason that no expense is spared in manuring and cultivating. Experience having shown us that bulbs so treated are incomparably superior to bulbs grown on impoverished and unfertilized land year after year, which constitutionally weakens the bulbs and they give results accordingly.

PRICES OF THE TRUE BERMUDA EASTER LILY BULBS.

Bulbs Ready for Shipment—August to November.	Doz.	100	1000
First Size Bulbs. (5 to 7 inches in circumference.) The best for "Earliest" forcing and particularly for cutting with long stems. Bulbs should produce from 4 to 6 flowers.		\$4.00	\$ 38.00
Intermediate Size, (6 to 7 inches in circumference.) These are good bulbs for either pot culture or for cut flowers. The bulbs should produce from 6 to 8 flowers		4.75	45 00
Extra Size Bulbs. (7 to 9 inches in circumference.) This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 12 to 18 flowers		8.00	75.00
Monstrous Size Bulbs. (9 to 11 inches in circumference.) These are usually grown for specimens in pots, for exhibition and decoration. Each bulb should produce from 12 to 18 flowers.		17.00	160.00

WHAT FLORISTS THINK OF

HENDERSON'S EASTER LILY BULBS

"Please ship us 1000 Lilium Harrisii bulbs—6 to 7 inch size. We are giving you this order on the strength of getting bulbs equal in health to those we got from you last year, which produced the finest plants we had last season."

CLARK BROS., Florists, Portland, Oregon.

"We have been more successful with your Harrisii bulbs than have any of the other florists in the vicinity of Wheeling with bulbs from other sources."

OSCAR WRIGHT, Moundsville, W, Va,

"I have been growing your Harrisii bulbs for several years. Last season I divided my order, placing one half with you and the other half with another prominent seedsman. Yours were the true Bermuda Harrisii, while the others were badly mixed with a worthless variety which grew to enrmous height with a very small flower. Your half were all of an even size with flowers of an excellent quality. I had the honor of having the finest Lilies in Pittsburgh from your bulbs. There were but few of your plants diseased—probably 50 in the whole batch of 6,000 bulbs. You will have my full order next season."

WM. F. LAUCH. Florist, Carrick, Pa.

The bulbs from you last season were very satisfactory. The Lilium Harrisin were especially good, averaging 5 to 10 flowers per stem—and the flowers were very fine."

WM. S. WILSON, Concord, N. H.

"I got 100 Harrisii Lily Bulbs from you last year and 99 of them bloomed all right, they were a nice lot." WILLIS E. HAMILTON, Florist,

Belfast. Maine.

"You may book my order for 7 to 9 inch Lilium Harristi. Those from you this year were fine."

E. HAENTZE, Florist,

"I do not hesitate to say that the tot of Harrisii I bought from you this season are the best I received for a number of years. They are the nicest looking plants that I have seen anywhere, and I am glad that it is so, as this was the first time I got my Harrisii from you and which will assure you of getting further orders."

CHRIS BESOLD, Florist, Mineola, L. I.

"I am well pleased with the Harrissi Lilies I got from you; they are the best I have had in 10 years."

H. A. MAXINER, Port Jervis, N. Y.

Henderson's Superior Northern Grown

...LILIUM CANDIDUM..

(Ready in August.)

Our Lilium Candidums are the thick, broad-petalled type so supperior to the narrow-petalled south of France stock. The bulbs are plump, heavy and healthy.

This popular, fragrant, snow-white, hardy garden Lily is also known as "Annunciation Lily," and "Madonna Lily." It grows 3 to 4 feet high, and blooms in the open ground in June. When grown in bold masses or in rows these lilies are especially effective, the brilliancy of their snow-white flowers against surrounding greenery of shrubs, grass and trees is very telling. This lily dislikes being coddled, thriving best when it can remain undisturbed for years in good garden soil.

Price, 8 to 9 inch bulbs, 50c. doz.; \$3.50 per 100; \$32.00 per 1000

" 9 to 10 " " 60c. "; \$4.00 " "; \$38.00 " "

LILIUM AURATUM

The Golden Rayed Lily of Japan.

(Importation Expected in October.)

	Each.	Doz.	100
The most popular hardy garden Lily grown. The			
flowers are pure white, thickly studded with			
crimson spots, while through the centre of each			
petal runs a clear golden band. Fully expanded			
the flowers measure nearly a foot across, are			
produced abundantly from June to October,			
and possess a most delicious fragrance. 3 to 5			
feet.

-HENDERSON'S SUPERIOR-

JAPAN EASTER LILY BULBS

(LILIUM LONGIFLORUM.)

For shipment last of September or early in October to December.

The imported Japan grown bulbs of Lilium Longiflorum as they arrived in this country up to two or three years ago—were usually a mixture of various types, including early flowering, later flowering, tall, dwarf, narrow leaved, broad leaved, green stemmed, red stemmed, black stemmed, small flowered, large flowered, etc. Agreeable to our persistent solicitation, our growers commenced to separate the desirable types, and discarded those unsuitable for Florists' use. So that this year we are able to offer only the best forcing strains of Japan grown longiflorum which our growers say will come 90% true though we cannot guarantee it. Of course, on account of the later arrival of the bulbs they cannot be forced into flower as early as the Bermuda type Lilium Harrisii, but for late winter and spring flowering the Japan grown bulbs are very popular on account of their low price. Some florists think the flowers from the Japanese bulbs are superior in size and substance to those of Lilium Harrisii, but we think the cool, slower forcing of the Japanese bulbs accounts for this.

In ordering, be careful to state which strain of Japan longiflorum is wanted. In absence of such information L. Longiflorum Multiflorum will be sent.

Longiflorum Multiflorum. This type blooms in Japan about ten days earlier than Eximium. The stem is tall, leaves narrow and		PRICES	3 .
the plant a little more slender. It is the favorite type for forcing	Doz.	100	1000
